Gifts to be Thankful For

Thanksgiving is a great time to have your child think about the gifts that God has given to them, to say thanks, and to take things a step further. Start a dialogue with your child by asking, "How can you use your gifts to help build God's kingdom on Earth?" It may be a question that they don't have an answer to, but take a few

quiet moments to pray together and let God speak to their heart. Would they do best serving the poor like St. Teresa of Calcutta, sharing the faith with their friends like Blessed Pier Giorgio Frassati (pictured at the top of this newsletter and to the right), or reacting to social issues like Saint John Paul the Great? No matter where God is calling them, let

them know that He has given them a special and unique gift to help them on this Earthly journey. Help them recognize it, respond to the call, and remind them to always remember to thank Him!
